JOSIAH TURNER, Jr., EDITOR.

A DREAM OF THE PAST.

To night I am thinking—or dreaming—of by gone times, and confusing up scenes which belong to irrevocable periods And, oh, how lovingly our hearts cling to the past! How old memories twine themselves around the heart, wearing the wreath whose flowers never fade or die; how we treasure up and guard with jealous care the relics of dead joys that have been ours! How we build castles in the far off past, and people them with friends of other days—gladdening our hearts with faces long since missed—listening once more to familiar voices, and to the sound of well known footsteps which have passed in silence from the earth! The castles we build in the future, and people with fanciful dreams, are radiant with sunshine; but over the land of the past there hovers always the twilight, and the soul, weary of the glare and glitter of the world, of the bustle and jarring of life, retreats within itself, and seeks repose in the soft gray shadows of the past. Forgetting the thousand petty ills and vexations that lie strown along our life path—remembering great sorrows only as "blessings in disguise," memory fondly hoards up the treasures which have been ours, and the land of the past becomes our lost Eden, over which we mourn hopelessly.

As falls the soft, blue, misty haze of an Italian summer—ethereal as a poet's dream—over the mountains and valleys, through which the sunshine kiss s the earth as through a veil, so over the past floats a silvery shadow, illumined by memory's star, through which we gaze in search of days that are no more. And as we gaze, voices long since mute, but unforgotten, welcome us again—eyes that we have seen grow dim beam brightly on us, and faces on which the dust of the valley has lain for many a year, live once more before us. Loving arms are gently twined around us in a fond embrace; and we wander delightedly along with the joy of one who has recovered the treasure most prized which for a time was lost!

Through mansions fair, illumined by the light of other days—that light which goes out in the heart when the eye of some loved one grows dim: through rose gardens redolent with fragrant memories; halting in the starlight and the moonlight of re-awakened hope and love, listening to fountains that sweetly sing of the bygone, and lull our sorrows all to rest, onward we wander forgetting all, save the exquisite joy of being reunited to that which we have loved and lost. But soon alas! the light which gleams like a halo around us dies out, one by one, friend by friend drops away from our side, and at every footstep we tread upon a grave And through the dim light rise sculptured urns and marble spires, that tell, in silent tones, of what has been, but is no more.

Far in the distance move shadowy forms, which the spirit of the past reveals unto the soul. Men, whose names have shaken the earth in centuries bygone, whose deeds will live and thrill down to the latest time, move side by side with those whose lives of sweet simplicity have died out like the perfume of hidden flowers, felt, but unseen. Heroic martyrs, the tale of whose sufferings will blanch the cheek of generations yet to come; patriots, whose noble deeds have thrilled to heroism many a heart; poets, whose sweet songs still float melodious o'er the earth, although the lyre they woke is forever mute, and the cunning fingers cold in death; those who have shed tears of blood and those who have suffered—heaven only knows how much yet gave no sign.

The solemn chimes of the night fall on my ear, and as I come back from the dream world to that of the actual—out from the land of the dead past into the living, breathing future—there rests upon my heart fragrance of sweet memories which I have gathered, even as we gather flowers from over graves.

WHOM DO GREAT MEN MARRY!

Women, of course. But they show the same diversity of taste that is seen in the lower ranks, and on the whole make worse mistakes. They, however, generally show the managing of other people's affairs, whether good or bad.

John Howard, the great philanthropist, married his nurse. She was altogether beneath him in social life and intellectual capacity, and, besides this, was fifty-two years old, while he was but twenty five. He would not take "no" for an answer, and they were married and lived happy together until her death, which occurred two years afterwards.

Peter the Great of Russia married a peasant girl. She made him an excellent wife and a sagacious Empress.

Humboldt married a poor girl because he loved her. Of course they were happy.

Shakspeare loved and wedded a farmer's daughter. She was faithful to her vows, but we could hardly say the same of the great bard himself. Like most great poets he showed too little discrimination in bestowing his affection on the other sex.

Byron married Miss Milbank to get money to pay his debts. It turned out a bad shift.

Robert Burns married a farm girl, with whom he fell in love while they worked together in a plow field. He, too, was irregular in his life, committed the most serious mistakes in conducting his domestic affairs.

Milton married the daughter of a country squire, but lived with her but a short time. He was an austere, exacting, literary recluse while she was a rosy, romping country lass that could not endure the restraint imposed upon her, and so they lived tolerably happy.

Queen Victoria and Prince Albert were cousins, and about the only example in the long line of English monarchs wherein the marital vows were sacredly observed and sincere affection existed.

Washington married a widow with two children. It is enough to say of her, that she was worthy of him, and that they lived as married folks should, in perfect harmony.

John Adams married the daughter of a Presbyterian clergyman. Her father objected on account of John's being a lawyer; he had a bad opinion of the morals of the profession.

Thomas Jefferson married Mrs. Martha Skelton, a childless widow, but she brought him a large fortune in real estate. After the ceremony she mounted the horse behind him and they rode home together.

There is no death penalty in Michigan, and the penitentiary now holds a baker's dozen of eighty murderers, thirty of whom are women.

General Beauregard's matrimonial engagement with Mrs. Bass of New Orleans has been announced.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be same in effect alike. Men, women and children throughout all the West are most wofully diseased from this cause, and knew not, until a few months ago, the origin of it

Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbus, Ms., I suffered tortures with running sores since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast." This from a lady.—"And now my child is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

You see I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE WAY THE MONEY WENT.

We take up the report of the Auditor on the Capitol Square expenses where we left off yesterday. By noticing the items, the reader will observe the great apparent anxiety of those concerned to *guard* every thing but the Public Treasury. Friday Jones is employed to guard the Capitol, Jere Mitchell and others, to guard that little building in the Northwest corner of the Square; we don't know who guarded the hay and clover, the 200 rose bushes and Lilium Lancefoliums and deciduous plants—perhaps nobody guarded them, as there are not a great many of them now visible to the naked eye. But it seems there was apprehension of somebody running away with the Arsenal, and so, Henry Hunter was employed to guard that.

He is represented in the report, as being on duty, from some time in November '68 to Feb. '70, 423 days at $1,50 a day, amounting to $634.50. In addition to this sum paid Henry Hunter for guarding the arsenal, we notice, on page 133 of the Auditor's general report, in the month of Sept., 1869, C. M. Farriss was paid $60, as *keeper* of the arsenal, which item is not included in the expenses as given in the special report we have been noticing. We judge the arsenal has been kept all safe—Farriss keeping it, and Henry Hunter guarding it, and the Treasury paying for it out of the people's money.

Another item incorporated in the report is calculated to call up a smile to the face of an indifferent reader, if he remembers the little *fracas* between the Pilgrim of the Bay State and the Supreme Court, in which the Auditor also figured, namely, $18 for removing certain Books, papers, &c., of the Court and Superintendent of Public Instruction, from the Rotunda.

Then we have amount paid to J. Buncombe for waiting on the Capitol 55 days at 75 cents a day which is $41,25. This, remember, was for extra waiting—the regular bill for waiters at the Capitol goes to another account. Get them all together and it will be seen the Capitol can stand a good deal of waiting on, when the people pay for it.

Another charge is for 577 loads of sand and gravel, costing $288.50.

Another, $846,63 for paints, &c., with which we have no fault to find. That quantity of paint would go over a tremendous large surface however.

Hauling off rubbish, repairing gates, and other small extra jobs make up the balance of the report.

As we said in the outset, these are small matters, comparatively, but "straws show which way the wind blows," and the manner in which the people's money has been, in most of these "items," uselessly expended, will serve to show how it has gone when larger amounts were involved, and the people will so see and understand it.

We now await the Auditor's report of the "items" going to make up that $76,000 "contingency" account.

THE LEGISLATURE.

In the Senate yesterday, when the bill repealing the sixteen millions railroad appropriations, which came from the House with amendments, was up for consideration, Mr. Graham moved that the Senate concur in the amendments.

Mr. Forkner moved to postpone the motion to concur, until the 10th inst.

Mr. Graham called the previous question on his motion to concur which was sustained, although Messrs. Brogden, Blythe, Forkner, Galloway, col., Jones, of Wake, Lassiter, Love, Shoffner, Smith of Wilkes, White and Winstead opposed, and Stephens *dodged*.

On the question to concur, Messrs. Blythe, Forkner, Galloway, col., Lassiter, Love, Welker and White, voted nay. Jones of Columbus, Jones of Wake, and Stephens were present, but *dodged* the question.—The motion prevailed however.

On the passage of the bill removing restrictions in regard to the gauge on the Central N. C. and Plaster Bank Railroad, which passed, Burns, Blythe, Cherry, Hawkins, Legg and Scott, were present when the question was put, but *dodged*.

The House ordered the Chairman of the Committee of the Whole, yesterday, to summon Littlefield and Swepson before the Committee on Friday.

The House also passed the Senate bill defining the powers of the Superintendent of Public Works, in regard to appointing Directors, Proxies, &c., in public companies where the State owns stock. It gives the power to the Governor to appoint, in those companies where that power is incorporated in the charter.

INDICTABLE.—The crime Dowerse committed in selling the cadetship, subjects him, by a statute of the United States, to indictment in any Court of the United having jurisdiction thereof, and on conviction the penalty is, fine not exceeding $10,000, and imprisonment not exceeding ten years.

The enquiry has frequently been made, who did Dowerse sell the cadetship to?—Can any of our readers inform us?

DEWERSE AND THE CADETSHIPS.

The following is a special Washington dispatch to the Richmond *Dispatch*, of the 28 h February:

"The Military Committee to-day had before them Mr. Dewerse, of North Carolina, who gave an account of the manner in which he was led into the sale of cadetships. He said he had no excuse for his course; did not need the money; was well off; had spent over ten thousand dollars in his canvass; received the five hundred dollars for the cadetship because it was offered to him, and without reflecting upon the consequences; sent the money to his district to be used for political purposes. Mr Dewerse was very much disturbed; became pathetic; shed tears; brought sympathetic tears into the eyes of the members of the committee; got the soft side of things; withdrew; and sent notice to Speaker Blaine that he had resigned as a member of Congress. Mr. Dewerse says he will not seek a re-election to Congress."

We know that must have been an affecting sight—Dewerse shedding tears and the committee sympathetically shedding tears in return! We came very near shedding tears, too, when we read it. Just think of it! Dewerse, in the innocency and simplicity of his honest nature shedding tears on being detected in a piece of undignified and unmitigated rascality! When the report reached his District, we have no doubt "James Smith" was deeply affected, and if Ladin had been sober he would have cried "like a baby!" The whole scene and its surroundings; its antecedents and consequents, are mighty solemn. Even kildee Lassiter was greatly moved.

But Dewerse says he didn't mean any harm by taking the five hundred dollars for the cadetship, he only took it "because it was offered to him!" What did the man think who offered it? But we will draw a veil over that part of the picture, and turn to that declaration of his having spent ten thousand dollars in his canvass! Ten thousand dollars to corrupt voters in order to get into Congress, and then disgrace himself there, to such an extent as to draw tears from the eyes of his friends? O, Time! O, Death!

THE HONEST TRUTH.—We find in the Savannah *Republican* a brief but not pointed article in reference to the question, "How the South feels about the war," which we cordially approve, for it is the honest truth:

We are sorry to see such a rep table and well informed newspaper as *The Journal of Commerce* speaking of the "penitence of the South," and making a statement so wide asunder from truth as that the Southern people have "prayed Congress for forgiveness." *The Journal* wholly misapprehends the moral status of our people in relation to this subject, and we regret to add, does us, unintentionally no doubt, great injustice. We beg to enlighten it regarding Southern sentiment and guard against similar errors in future.

Mr. Chief Justice Chase comprehends our condition, and correctly reflected it in a private interview with some friends some days ago. The South does not believe that she has sinned, and, consequently, for her there is no such thing as repentance. Repentance is a result of conscious guilt, a feeling of self condemnation a man in the South—whose heart was in the late war—entertains. Our status toward the Federal Government is simply this: We went out of the Union because we believed we had a right to go—we fought for independence because we believed we had a right to be independent, and could be neither happy or safe in the Union—we did our best, fought like men in a cause which we held sacred; we were whipped and defeated in our plans, and, like brave and honorable men, acknowledge the defeat and submit in good faith to all its just and legal consequences. We are this and nothing more, and whoever thinks differently of us makes a mistake. So far as concerns any wrong committed against the "best government the world ever saw," we are neither sorry nor penitent, and it is a great error to regard us as a nation of contrite sinners on our knees begging for mercy. Having failed in the war, we now ask for peace and such measures as are likely to reinstate harmony with the North.

BURNING OF THE STEAMER NEW JERSEY—A LARGE QUANTITY OF FREIGHT FOR NORTH CAROLINA.—The Norfolk *Day Book* contains the following account of the burning of the steamship New Jersey in Chesapeake Bay on Friday night last.

This large freight boat, belonging to the Bay Line of Baltimore steamers, was totally destroyed by fire on Friday night last, off Sharp's Island, in Chesapeake Bay, 60 miles below Baltimore. The particulars, as we learn them from an officer of the Norfolk and Petersburg Railroad Company do not indicate any certainty with regard to the origin of the fire, but after it broke out, it was rapid and destructive—the boat with its large quantity of freight being a total loss. The captain, officers and crew escaped, our informant learned, in the boats.—The most of the freight was destined for various points in North Carolina, and the loss, we fear, will fall heavily upon the country merchants of that State, whose supplies were aboard.

The New Jersey was a large and staunch boat, which has been running on the line, though by no means regularly, all through the fall and winter season, and doubtless cost the Company a large sum of money.—We are not able to say whether freight on these lines is usually insured against losses by fire; but are informed that risks of this kind are generally taken only against the dangers of the seas. Of course, however, the question will be litigated whether the Bay Line, is liable for the whole of the freight destroyed with the boat.

GOLD AND COTTON.—The decline in gold still continues, and it is not difficult to explain the cause. 'King Cotton's" sceptre is again seen in this. The present crop is estimated at something like 3,000,000 bales, which is equivalent to $3,500,000. This goes abroad in place of gold, and the result is before us in the fall of the price of that commodity. With this fact before the country, it is high time for the dominant party in Congress to give the South all the benefits of good government, for it is plain that a region which can control the exchanges of two hemispheres, is of infinite value to this country in the effort which all classes are anxious to see made for a return to specie payments. Take off the taxes on agriculture, now imposed in the South, and the stone which the Radical builders have rejected, will become the head of the financial corner of the country.—*Norfolk Virginian.*

DASTARDLY.—On Sunday night when the 10 o'clock train on the Wilmington and Manchester Railroad was about 12 miles from the "Bluff," a rock was thrown at the cars by some scoundrel concealed in the woods, which pedetrated a window of one of the coaches, striking a passenger on the face and cutting it severely. No clue could be obtained to the perpetrator of the dastardly trick.—*Wilmington Star.*

HOUSE OF REPRESENTATIVES.

WEDNESDAY, March 2nd.

House called to order at the usual hour.

REPORTS OF COMMITTEES.

Mr. French for Committee on Counties and Townships, reported upon several bills, which were placed on the Calendar.

Mr. Ames for Committee on Internal Improvements, reported favorably with amendment upon the bill to enable the W. Cons. & Ruth. R. R. Co. to complete their road and to authorize the return of State bonds to the Treasury; placed on Calendar.

Mr. Durham moved that the Chairman of the Committee of the Whole be instructed to summon M. S. Littlefield and G. W. Swepson, before the Committee, on Friday next at 12 o'clock.

Mr. Sinclair said that these gentlemen were now undergoing an examination by the special Committee, besides there was a large quantity of business now before the House and it was time for the Legislature to adjourn, he did not see the necessity of the Committee of the Whole as there was a regularly appointed special Committee to manage this business. He hoped the motion would not prevail.

Mr. Durham, said the powers of that special Committee were confined to the investigation of Rail Road matters. He thought that these gentlemen (Littlefield and Swepson) should be brought before the House and testify as to charges of corruption charged upon members of this Legislature and other matters appertaining to this business &c.

Mr. Sinclair moved to lay the motion on the table.

The yeas and nays were called, and the motion to table, was rejected by the following ballott:

YEAS.—Messrs. Ames, Cawthorn, Cherry, Foster, French, Kinsey, Mayo, Morrill, Robbins, Sinclair, Sweet.

NAYS.—Messrs. Armstrong, Banner, Barnett, Barnes, Boddie, Carson, Clayton, Davis, Durham, Eagles, Ellis, Furness, Forkner, Gibson, Gilbert, Graham, Grier, Harris of Franklin, Hawkins, Hicks, Hunnant, Hodnett, Humphries, Hudgings, Ingram, Jarvis, Justus of Henderson, Justice of Rutherford, Kelly of Davie, Kelly of Moore, Long of Chatham, Long of Richmond, Malone, McMillan, Mendenhall, Moring, Nicholson, Painter, Pearson, Pou, Ragland, Renfrow, Seymour, Siegrist, Simonds, Smith of Alleghany, Smith of Wayne, Snipes, Stanton, Strudwick, Thompson, Vestal, Vest, Welch, Whitley, Williams of Harnett, Wilson.

Mr. Durham's motion was then adopted.

Mr. French offered the following resolution:

WHEREAS, A bill entitled "an act to repeal certain acts granting appropriations to Railroad Companies at the session of 1868 '69, was sent from this House to the Senate irregularly; therefore,

Resolved, That a message be sent to the Senate, requesting that the said bill be returned to the House. Lies over.

By Mr. Jarvis: A bill in favor of the Sheriff of Tyrrell county. Lies over.

On motion of Mr. Banner, the rules were suspended, and the bill to authorize the Commissioners of Watauga to levy a special tax, was taken up, and passed its third reading by a vote of yeas 49, nays 18.

On motion of Mr. Humphries, the rules were suspended, and the bill to authorize the Commissioners of Currituck county to levy a special tax, was taken up, and passed its third reading, by a vote of yeas 15, nays 25.

On motion of Mr. Hodgin, the rules were suspended and the bill to enable Charles Hunter to make title to certain lands, was taken up and passed its several readings.

On motion of Mr. Pou, the bill amending chapter 279 Public Laws, concerning the powers and duties of certain State officers, was taken up.

The question recurred upon the amendment reported by the Judiciary Committee, which strikes out all after the word "privileges" in section 2, and inserts the following: "*Provided*, That the Governor shall by and with the advice and consent of the council of the State, appoint the Directors and Proxies for the State in all Corporations and Joint Stock Companies chartered before the adoption of the new Constitution of North Carolina."

Mr. French moved to amend the Committee's amendment by striking out the words "chartered before," and insert "whose charters have not been amended since"

Messrs. Pou and Downing opposed Mr. French's amendment and advocated the bill as amended by the Judiciary Committee.

Mr. Ingram occupied some time in advocating the Harris side of the question. During his remarks in alluding to Gov. Holden, he (Ingram) said that he (Holden) was a heavy load, indeed in his section of the county during the election, &c., &c. He charged that the friends of this bill had become satisfied that the Supreme Court were about to decide in favor of Harris and for that reason this bill was introduced here. He charged that it was a breach of faith on their part, as it was agreed on all hands that the decision of the Court, was to decide the matter finally and fully &c.

Mr. Pou called the previous question.

The call was sustained, and the question recurred upon Mr. French's amendment.

The yeas and nays were called, and the amendment was rejected, by a vote of yeas 10, nays 99.

The question recurred upon the amendment reported by the Judiciary Committee, which was adopted.

Mr. Stevens offered an amendment, of which previous notice had been given, to change the title of the bill, to-wit:

"An act to endorse the speech of W. A. Smith, made at Salisbury, July, 1869, in regard to this Legislature."

Ruled out of order by the Chair.

After the rejection of several other amendments, the bill passed its second reading, by the following ballot:

YEAS.—Messrs. Ames, Armstrong, Ashworth, Banner, Barnett, Barnes, Boddie, Carson, Carey, Cawthorn, Dixon, Downing, Durham, Ferebee, Forkner, Foster, Franklin, Gahagan, Gibson, Graham, Grier, Gunter, Harris of Wake, Hawkins, Hendricks, Hicks, Hilliard, Hinnant, Hodgin, Hodnett, Hoffman, Horsey, Humphries, Hudgings, Justus of Henderson, Kelly of Davie, Kelly, of Moore, Kinney, Ladin, Long of Chatham, Long of Richmond, Mayo, McCanless, Mendenhall, Moore of Alamance, Moore of Chowan, Nicholson, Pearson, Pou, Ragland, Ren. Renfrow, Robbins, Robinson, Sinclair, Simonds, Smith of Wayne, Snipes, Stanton, Stilley, Strudwick, Thompson, Vestal, Vest, Waldrop, Welch, Whitley, Wilkie, Williams of Harnett, Williams of Sampson, Wilson.

NAYS.—Messrs. Davis, Eagles, French, Harris of Franklin, Ingram, Justice of Rutherford, McMillan, Painter, Siegrist, Stevens, Sweet.

On motion of Mr. Pou, the rules were suspended, and the bill passed its third reading.

By Mr. Moore, of Chowan: A bill to amend section 52, chapter 184 Public Laws. Referred.

By Mr. Hicks: A bill to legalize the sale of lands by the Town Commissioners of Marion, McDowell county. Referred.

By Thos. Sykes, col.: A bill to incorporate the Farmers and Mechanics Loan and Building Association of Pasquotank county. Referred.

On motion of Mr. Vestal, the rules were suspended and the bill to enable the Northwestern Railroad Company, to complete the first division of their road, was taken up.

The question recurred upon Mr. Pou's proviso (published yesterday).

Mr. Vest advocated the bill and was opposed to the proviso.

After a long debate the proviso was adopted by the following ballot:

YEAS.—Messrs. Armstrong, Barnes, Boddie, Carson, Carey, Cherry, Clayton, Crawford, Durham, Ferebee, Forkner, Gibson, Grier, Gunter, Hawkins, Hicks, Hinnant, Hodnett, Hoffman, Humphries, Hudgings, Ingram, Kelly, of Davie, Kelly, of Moore, Kinney, Leary, Long, of Chatham, Mayo, McMillan, Moore, of Alamance, Painter, Pearson, Pou, Renfrow, Robbins, Robinson, Reynolds, Smith, of Alleghany, Smith, of Wayne, Stanton, Strudwick, Sweat, Thompson, Welch, Williams, of Harnett, Williams, of Sampson, and Wilson.

NAYS.—Messrs. Ames, Downing, Eagles, Ellis, French, Gatling, Hendrick, Justus, of Henderson, Justice, of Rutherford, Long of Richmond, Malone, McCanless, Morrill, Morris, Seymour, Siegrist, Stevens, Vestal, Vest and Whitley.

On motion Mr. Vest, the further consideration of the matter was postponed until Thursday next.

A message was received from the Senate, concurring in the House amendments to the bill repealing Railroad appropriations.

On motion the House adjourned.

INQUEST.—Dr. S. S. Satchwell, who was authorized to act as Special Coroner, held an inquest, we hear, at Lillington on Saturday last over the body of Job Satchwell, accidentally shot by Dr. Myers on the Thursday previous. The jury rendered a verdict of accidental homicide at the hand of Dr. Myers.—*Wilmington Journal.*

"The Norfolk Oil and Fish Guano COMPANY'S.

PHOSPHATIC FISH GUANO,

PRICE $35 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk, Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *bone phosphate* and *soda*, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will here be cited to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Lehrman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Boston of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, MARCH 3, 1870.

Authorized Agent.—THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

LARGE SALE IN NEWBERN.—We are requested to call attention to the fact that the extensive sale of real estate &c., of W. P. Moore, advertised by Henry R. Bryan, Esq., as may be seen in another column, will take place at the Court House door in Newbern on next Monday, at 11 o'clock.—Persons looking out for an opportunity to invest in real estate, would do well to attend.

WORTH SEEING.—The Panorama of New York City, exhibits at Town Hall Goldsboro to day, at the theater Newbern tomorrow and Saturday, and then at Beaufort, Kinston, Wilson, Tarboro', Halifax, Weldon, Warrenton, Ridgeway, Henderson, Franklinton, Wake Forest College, Hillsboro, Company Shops, Greensboro, and Danville, Va. If any of our readers ride three or four miles to see this fine work of art which shows 51 miles of the Empire City and is painted on eighteen thousand feet of canvas, they will not regret it.—Exhibits each day at 3 and 8 o'clock.

We commend Mr. Norton, the gentleman lyexhibiter, to our brethren of the Press, and to the people of every community where he may give an exhibition. The Panorama is well worth going to see, and no one can possibly have any conscientious scruples in going.

The two exhibitions a day for three days, in Raleigh, were attended by large crowds to the utmost capacity of the Tucker Hall, up to the last exhibition.

Pike inquires why Durham, Jarvis, & Co., do not proceed with the investigation? Do not get uneasy, Mr. *Standard*, about the investigation, unless you see danger in the distance. The Democrats will throw open wide the doors for investigation into the charges of bribery of any of their party; will the Republicans do the same? Wait, Mr. Pike, till Friday and let's see if Durham and Jarvis back; wait and see whether the Committee of the Whole run Littlefield and Swepson away, or whether Littlefield and Swepson will run the Republicans of the Legislature away. Our predictions is, if Littlefield and Swepson appear before the bar of the House on Friday, there will not be a quorum to hear them "the tale unfold."

Seeing the fix he had got into, says the Rutherford *Star*, PIKE, the *hired* Editor, got *wrathy*, and has been abusing the Republican members of the Legislature unmercifully ever since.

We suggest to the *Star* man to "sorter" moderate. Pike is doing better and behaving more courteously towards the Reds of the Legislature, and entertains hopes, now, of all "being forgotten and forgiven," and of bringing the wandering sheep again into the true fold; that is, into the *Standard*, not the *Star* fold. Besides, it is said, Pike is going to retire from the tripod soon, in order to run for Congress. We don't know how true this is, but it is whispered round with an air of truthfulness that carries weight.

ONE BY ONE.—Almost every week—some times oftener—we hear of some defaulting carpet bag official, either in the United States Revenue service or in some State or county office, in the South. One by one we find them out; one by one they run away; one by one they go glimmering "where the whangdoodle mourneth for her first born."

The latest case we see recorded is that of the city official of Wilmington, who "bears the bag and what is put therein." It seems that the good people of that city, suspecting that all was not O K in their public finances, got up a sort of independent investigating committee, who have been at work for some time, and have, as we see from the *Journal*, reported in part, promising to go on in the good work and see what is to be seen—not including a portion of the city funds, which will probably never be seen by them or the people of Wilmington.

This committee have found that various amounts have been paid into the office of the Treasurer and Collector from different sources and not accounted for, to the aggregate amount of $3,843,17. Other accounts, they say, have been so loosely kept that the committee cannot arrive at any definite idea of how much has been pocketed from these sources, but think the amount is considerable. Other sums from fines, doc killing, registering &c., have also found their way into the old carpet bag, and are only likely to see "the light of other days"—future ones, and then only "in some far distant clime."

So they go one by one—one by one.—After a while they will go in a gang, and honest men will take their places.

FIRE IN CHARLOTTE.—We learn from the *Times* that the residence of Mr. Wm. Robinson, was destroyed by fire on Monday night. The furniture was saved.

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Horseness. None so pleasant, none sure so quick.

RUSHTON & CO.,

This old established firm, whose preparations, have acquired a world wide reputation for excellence, now offer this article. No More of those horrible tasted, nauseating, "Brown Cough Tarocs."

dec 23-3m.

FLOWS.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procured Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. 8, 9, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood, and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. 31m

THAT NEW PARTY.—A few days ago an enthusiastic, moderate Republican, approached a worthy old citizen of our town—a democrat, who is as witty as he is wise, and who is unsparing in his denunciations of the thieving party in power. The following short dialogue took place:

MODERATE REPUBLICAN: "We are forming a new party—a party of moderate men—a party that will save the country.

DEMOCRAT: "Save! you mean you'll save what your party has not already stolen."

MOD. REPUB: "That's not the question. This party I am telling you about is a new party—a *new party*—the Governor favors it."

DEM: "He does! Then d—n a party where Holden's the head, and Yates the tail!"

MOD. REPUB: "But, friend, you are a moderate man, come join our new party." (Enthusiastically.) the ball is in motion! Let us keep it rolling!"

DEM: "A ball! I reckon it is a *ball*, and there's a set of d—d —— bugs a rolling it!" D—n your —— bug party!"

Mod. Repub. had urgent business up town immediately.

TELEGRAPHING EXTRAORDINARY.—We learn that the following suppositious telegram is imagined to have been received in this city, late yesterday evening, by the grape vine telegraph line:

NEW YORK, March 2nd, P. M.

HON. T. L. CLINGMAN:—Are you still of the opinion that the Legislature of North Carolina cannot repeal the special tax appropriations without a revolution?

Do you still think that it will cost the State of North Carolina more to repudiate than it will to pay? Please answer immediately and oblige,

Your sucked-in friends,
HENRY CLEWS & CO.

SUPREME COURT.

Reported expressly for the SENTINEL by the Deputy Clerk of the Supreme Court.]

TUESDAY, March 2, 1870.

THE KIRBY CASE.

The following is a synopsis of the opinion of the Supreme Court, delivered by his HONOR, THE CHIEF JUSTICE, in the case of William Biggs, *ex-parte*:

The subject of "the power of Courts," and "the rights of Attorneys" would seem to be exhausted by the elaborate argument of the counsel for the respondent (Mr. B. F. Moore). The want of some "student of the law" on the other side of the question, equally diligent as Mr. Moore, is met by the very full expose of the result of his examination of the case.

The power of the Court, to protect itself by disbarring an Attorney, who has shown himself to be unfit to be one of its officers, is now conceded, although earnestly contested in a former argument by six learned members of the bar.

So, the principle is settled and the only difference of opinion is in respect to its application when an Attorney makes a publication, calculated to injure the Court, *and intended by him* to have that effect, the case falls within the principle of self-protection, and the Court may rid itself of him, by disbarring him. The Attorney may on oath disavow the criminal intent; but, if he is unable to do so, the only alternative is to strike his name off the rol.

The Court was pleased to hear the hopes expressed on the argument, that this discussion might induce a better state of feeling, between the Bench and the Bar.—This tender of a return to good feeling is cordially accepted.

Since the principle is now conceded, and there is only some difference of opinion as to its application, the Court presumes the public mind will be relieved from fear of usurpation of power by the Court, and of "*Judicial tyranny*."

Mr. Biggs' article refers to the acts of Judge Jones in his official character, and is calculated to hold the Court up to ridicule, and thereby injure, and bring it into disrepute.

The question whether an editorial article, when the editor of a newspaper is also an Attorney of the Court, falls under the principle, is not presented by the record in this case, Mr. Biggs having elected to make a disavowal.

There is a marked difference between this case and the case of *ex parte* Moore and others.

The Court holds that the answer of Mr. Biggs was responsive to the rule, and that, therefore, having purged the contempt, he was entitled to his discharge; for the Court below was bound to accept his disavowal upon oath.

The disavowal entitles the respondent to be excused or acquitted, and the effect, in either view, is to discharge the rule.

There is error in the ruling of the Court below, order reversed and the rule discharged.

SUPREME COURT.

[Reported for the SENTINEL by the Deputy Clerk of the Supreme Court.]

WEDNESDAY, March 2, 1870.

Court assembled at the usual hour.

Mr. Merrimon made a few remaks additional to his argument in the case of Carter ex. Hoke, argued yesterday.

Mr. Merrimon then proceeded with his argument in the case of the State ex. Lyttle, from Buncombe.

He was followed by the Attorney General, who concluded the argument on the part of the State.

This is an interesting case. It is a case of *Forgery*. The charge was that the defendant forged the signature of his father—a blind man—upon the prosecution bond in a suit for divorce brought by the defendant. The defence set up is that no *criminal intent* existed, the son believing that he did no wrong in signing his father's name, as he had often signed it as agent for him.

The Court then proceeded to call cases from the 6th District, and disposed of them as follows:

Waller ex. Forsythe, Granville. Put off.

Futrell ex. Smallwood, Northampton.—Put off.

Jesse W. Peebles ex. C. H. Horton, Wake. D. G. Fowle for the defendant, Phillips and Battle for the plaintiff.

Mason ex. Williams, continued.

The cases of Critcher ex. McCaddon, and Bayne ex. Jenkins, are the only cases remaining to be argued.

Court will probably adjourn the last of next week.

At 1.30 P. M. Court adjourned.

MURDER.—A report reached us yesterday that a few evenings since the wife of a Methodist Preacher (Mr. Rawlins,) was shot through the window and killed by a colored boy, discharged the day previous on account of bad conduct.

Mr. Rawlins is an emissary from the Northern Church, among the Negroes, but we regret that his wife has fallen a victim among his own friends.

The murderer is said to have been committed near Dallas, Gaston Co. N. C.—*Charlotte Bulletin.*

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and safest Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Tuesday Night Dispatches.

WASHINGTON.

WASHINGTON, March 1.—Bonds to-day over $500,000.

The Committee on Foreign Affairs in the Senate again considered Cuba without action.

The senate, in executive session, finally confirmed Strong and discussed Bradley, but adjourned with the understanding that a vote should be taken to-morrow.

SENATE.—Wilson introduced a bill for the better observance of Sunday in the military and naval institutions.

Lands to Railroads and funding bill was discussed up to adjournment.

HOUSE.—Senate amendments to the postal route bill were concurred in.

The joint resolution introduced yesterday by Beck, extending to 3 years the time for keeping distilled spirits in bond, came up; the question recurred on Marshal's amendment to Hopper's substitute, reducing the amount to be paid, after the first year from one cent a gallon per month, to a half a cent. Marshal's amendment was rejected, yeas 84, nays 80. Hopper's substitute was adopted without division. Washburn, of Wis., moved to lay the bill on the table, being a bill to suspend the collection of revenue on whisky for the remainder of this administration. The motion was lost. Yeas 64, nays 104. The bill as amended then passed without division.

John T. Dewease, having resigned was disposed of like Whittemore.

A prolonged discussion took place in relation to corruption investigations as regards the past Congress; no action.

Callis, past member from Ala., deems implicated.

The Banking and Currency Committee made a majority and minority report.

KENTUCKY.

LOUISVILLE, March 1.—Silver mines of importance have been discovered in Grayson county, Ky. The ore is found to contain a larger percentage of silver than any heretofore discovered. The mine is almost inexhaustable and will be developed in the Spring.

WYOMING.

LARAMIE CITY, March 1.—Among the jurors drawn for the March term of the Albany County Court, were eleven ladies; some of them the wives of the most prominent citizens. The excitement caused by this proceeding is immense.

FOREIGN.

LONDON, March 1.—Later and more favorable dispatches have been received from British authorities at Yokohoma in relation to the collision between the steamers Bombay and Oneida. The details, however, are still meagre. Fifty-six officers and crew of the Oneida were subsequently picked up by the small boats of the Bombay, and it is thought that others of the missing, at last accounts, were ultimately proved to have escaped. The number who saved or lost have not yet been ascertained, nor is it yet known how many persons were on board of the ill-fated vessel at the time of the calamity.

Wednesday Evening Dispatches.

WASHINTON.

WASHINGTON, March 2.—The Election Committee will vote on the Segar case to-morrow. The sub-Committee on the Louisiana election case will report to-morrow.

The House is considering the Little Rock Railroad.

The Senate is discussing Railroads.

The disability bill still hangs in the Senate, Sumner having renewed the motion to reconsider which Mr. Wilson withdrew.

The impression is strong that the Senate will confirm Bradley.

FROM CALIFORNIA.

SAN FRANCISCO, March 2.—The passengers and crew, and the baggage and treasure of the "Golden City," was totally lost near Point St. Louise.

FOREIGN.

HAVANA, March 2.

The Insurgent Gen. Napoleon Arrango who originated the rebellion in the central department, has voluntarily surrendered to the authorities at Las Minas, with seventy men. He promises to come to Havana to confer with the Captain General as to the best means of ending the insurrection without further bloodshed.

The rebels have burned some warehouses at Juccaro.

HAVANA, Feb. 26, via Key west March 1.—A letter from Santiago De Cuba dated Feb. 18th gives the following account of the trial and execution, of members of the Cuban Junta of that City: "Eighteen well known citizens charged with belonging to the Cuban Junta, were arrested and taken to an obscure place at San Juan fifteen miles from this city, where they were tried by Court Martial and convicted of treason, and sentenced to death. They were not allowed assistance of counsel or the privilege of summoning witnesses in their defense.

They were al executed soon after their trials. Among them were two Americans, namely Jno. Frances Pannel, and Charles Darmony a native of the United States.

LONDON, March 2.—Fifty-six of the officers and crew of the "Oneida" were picked up by the "Bombay's" boats.

Another account dated Yokohoma, Jan. 31st, *via* San Francisco, March 1st, says a most terrible accident and horrible exhibition of inhumanity known in the East, occurred about 20 miles from this coast at half-past 6 o'clock on the evening of Jan. 26th. The United States steamer, "Oneida," homeward bound, collided with the British and Oriental Iron Mail Steamer, "Bombay," Capt. A. W. Dyer. The Bombay struck the Oneida on her starboard quarter, carrying away poop deck, and cutting off her wheel stern, and running one of her timbers entirely through the bows of the Bombay at the water line. Three times the Oneida hailed with, "Ship ahoy! stand-by, you have cut us down," blew her whistle and fired her guns all of which the officers of the Bombay say they did not hear although the guns were heard at this point, 20 miles away.

The Oneida went down, stern foremost, in about 20 fathoms water, with 20 officers and 50 men.

The Captain of the Bombay did not stop to rescue those on board, nor did he report upon his arrival, how the accident occurred, or inform the authorities. The first known of the disaster was next morning, when Dr. Sandards, the 8 surgeon, with 15 of the crew, arrived here on foot, &c., &c.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly; and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in dividends from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, as all the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, labering in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual means of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

Knickerbocker,	$16,54
Equitable,	17,44
North America,	21,16
Brooklyn,	21,09
Universal,	27,94
John Hancock,	18,27
The National,	63,48
The Ætna,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 889 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested unit assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
